Giving	The degree to which each denomination tithed, which is represented as a scaled variable (1-6) based on per capita giving percentage.	C,M	M	M	M	M	C,M	A,C,M	A,C,M	A,C,M	A,C,M	A,C
Authority	The degree to which each denomination is characterized by the consolidation of authority in a broad hierarchy, scaled in such a way as to indicate a denomination's location on a spectrum of high and low levels of authority.	C,M	M	M	M	M	C,M	A,C,M	A,C,M	A,C,M	A,C,M	A,C
Higher Education	The degree to which a denomination is formally invested in higher education, including colleges, and universities but not including seminaries and Bible colleges. The ranking is based on a calculation of the ratio of the number of educational institutions supported by a denomination vis a vis its national membership figures. Those denominations with the strongest investment are given lower numerical rankings.	C,M	M	M	M	M	C,M	A,C,M	A,C,M	A,C,M	A,C,M	A,C

Periodicals	This typology includes several components. In addition to providing the number of periodicals associated with American denominations, the typology also includes denominational membership per periodical. This latter data offers a more accurate representation of religious publishing. For example, if two denominations each support 3 periodicals but one has 10,000 total members and the other has 1,000,000, we conclude that the former denomination has a stronger per capita commitment to—and perhaps a greater investment in—publishing. Those denominations with the strongest investment are given lower numerical rankings.	C,M	M	M	M	M	C,M	A,C,M	A,C,M	A,C,M	A,C,M	A,C
